Container Handling

Bahuvida Limited, we are among the prominent names in the industry and one of the few companies having total expertise and experience in handling all types of containers. We provide end-to-end services, right from ports to destinations or vice-versa.

We have associated with so many transporting agencies who specially designed their trucks for transportation of flat rack containers as well as open top and regular 20 feet and 40 feet containers for all types of export and import activities in India.

Our organization is backed by rich industry experience of more than a decade in the domain of providing excellent container handling services. The services we offer include loading and unloading at site, transportation, site handling services, project cargo and general cargo. By providing reliable services, we have successfully served numerous industries across country.

We have expertise to handle and transport any cargoes ranging from small loads to massive plant equipment. Several quality checks are conducted at every stage of our services, so that we provide best solution.

Customs House Agent

At Bahuvida Limited, we understand the complexity of handling and timely clearance of crosscountry consignments better than anyone. The comprehensive customs brokerage, clearance and compliance services combine in-depth expertise in customs regulations with local knowledge ensuring the smooth and expeditious flow of international shipments to and from any location in India.

Our subject matter experts ensure that all our internal staff and external clients are constantly updated online regarding new trade policies and customs laws and regulations covering all aspects of customs processes, including import and export clearance, declarations, bond requirements, duty rates, petition and protest procedures.

Our team efficiently manages entire procedural works in least possible time that excludes cost overruns to clients due to delays. We also provide post clearance cargo care, if directed by the clients. We efficiently get the customs clearance for nomination cargo, over dimensional cargo and bulk cargo including LCL and FCL.

Ship Chandelling

As an integrated shipping and logistics handling company, we at Bahuvida Limited provide the most effective and the required services when any ship is anchored at the port. In many cases, the ship also needs certain servicing on its voyage. In India, we are the most effective service providers in this genre.

Ships need to be harbored at the ports in order to get certain services pertaining to the vessel and the crew members. All these requirements of provisions and services can be handled by us. Such supplies include foodstuff, oil, water, spare parts and whatever the captain of the ship might require. We are one of the responsible company's in providing all the necessary services and supplies to all the vessels at the Indian ports. It can be food stock for the rest of the journey for the crew, gasoline or fuel for the ship, providing necessary spare parts of the engines or other ship spares, engine oil or crude oil etc...

Bahuvida Limited's shipping and logistics handling team extensively knowledgeable about the requirements of the captain and crew members of ships. We are quite familiar with the requirements during long voyages and based on that we provide the effective and required services when any ship is anchored at the port.

Stevedoring

As a company licensed to offer stevedoring services, Bahuvida Limited takes care of all the handling operations at its operational ports in India. Stevedoring forms an integral part of the entire process of loading and unloading of ships. The process requires a good understanding of the workings of the equipments, handling of materials, strong manpower etc.

With all break-bulk cargo, the loading and un-loading is a crucial and time-bound service. Any delay or damage results in huge cost escalations. We have a dedicated team that maintains labour relations and handles all the stevedoring requirements efficiently. Our in-house expertise enables us to undertake stevedoring of all types of bulk cargoes for export or import, be it in loose bulk, or bagged; we offer tailor-made, competitive stevedoring solutions on turnkey basis.

Bahuvida operates world class evacuators and grabs helping it achieve high discharge rates. Clarity in understanding of the needs and operations of stevedoring has helped Bahuvida in designing advanced systems for the mechanical process of stevedoring of cargoes especially dry bulk at the place of anchorage.

Vessel Chartering

Vessel Chartering is an activity within the shipyard whereby a ship-owner hires out the use of his vessel to a charterer. The contract between the parties is called a charter-party, in this domain Bahuvida Limited offers innovative and reliable vessel chartering services for its clients.

We can help you with time charter or voyage basis for short or long term contract handlings. From staging area to stow-on-board to delivery on site across the globe, we can handle any complicated shipments. We analyze, plan and execute complex stowage of your cargo from start to finish and release survey reports for all activities.

With extensive experience in specialized shipment handling, we have acquired an excellent reputation in Indian market. We ship cargoes that include agro commodities, food products, animal feeds, ores, coal, steel, bagged grains, cement, fertilizers, wood and IMO coded-cargoes.

Our highly qualified and experienced break-bulk cargo services experts understand the complexities of the break-bulk cargo segment and can work out the most economical freight rates for our esteemed clients.
